Courses: Object-Oriented Programming, Data Structures & Algorithms, Open Source System Develop, Website Develop, Android Develop, Java, C++, Database, Operating system, Programming basis

SKILLS

Languages: C/C++, Python, Java, JavaScript/TypeScript, HTML/CSS, ReactJS, PHP \LaTeX

Tools: Git/GitHub, VS Code, Apache Netbeans/PyCharm, DevC++, MySQL, SQLServer, Android Studio

PROJECTS

Course Management | *Java Swing, MySQL, Apache Netbeans, Git, VS Code* April. 2024 - Present 2024 - Present

- The software is built to be able to manage courses in the application conveniently and simply using MySQL
- Learn how to use java swing in combination with database and source code managed with github
- Learn how to use java and object-oriented programming

Librabry Management | *Java, Git, Apache Netbeans, VS Code* 2022

- The software is built to be able to manage library in the application conveniently and simply
- Learn how to use java and object-oriented programming

Student Attendance | *Python, Git, Open-CV, Pycharm* 2023

- Take student attendance by facial recognition
- Use data by taking 120 photos of students, then train the data to encode information
- Learn how to build software using python and the numpy, pilow, open-cv libraries

EXPERIENCE

Shopee | *Employee* June. 2024 – December. 2024

Product shipping and packaging staff, etc.

McDonald | *Employee* April. 2024

Service and product delivery staff, etc.

Dalat Hasfarm | *Employee* January. 2024

Product delivery staff, etc.

HOBBIES

Listening to music Present

I like listening to music in my free time. Music not only helps me relax but also motivates me to study and work

Playing soccer Present

I often play soccer with my friend. For a programmer like me, movement and exercise are essential to improve health and avoid sitting too much.
